Subject: Re: Thanks

Dot & Paul:

Today, just two days before Christmas your latest package arrived...thanks from all of us here. The hats go very quickly when they are put out especially now that it is getting colder. We have had some snow but no heavy accumulation yet. It appears we are making out better then a lot of places in the USA (although I would love to be back there right now)!

Special thanks from me for the dark chocolate and the gift. I haven't opened it yet, I'll save that for Christmas morning, it will remind me a little of home. How I wish I was there for my little girl Kerianna (who turns 6 in January) Christmas morning but we will make up for that when I return home next fall. You and your friends make a difference in our lives with your kindness!

Merry Christmas!

Dave
